About us

We are emerging as a game changer in empowering a sustainable future with the highest performance and safest batteries for electric vehicles, homes, and critical applications

Battvelocity Technology Limited is capable of handling any energy storage need, anywhere in the world, from our highly automated advanced production facility in Delhi NCR, Greater Delhi, India. Our focus is on the growing demand for high-tech storage solutions in Stationary, E Mobility, Future & Smart Cities, commercial transportation and specialty applications. Using the brightest engineering minds in cutting-edge facilities, we help customers all over the world develop new energy storage applications and solutions based on proven lithium-ion chemistry. Battvelocity technology Limited Storage technology is viable, scalable large-format cell technology with manufacturing expertise, deep market knowledge and a wide range of strategic partners to help fuel our customers' innovations, Knowledge and Market base.

Leading manufactual and exporter of world class batteries.

ENGINEERING SERVICES

Smart engineering and implementation of energy engineering projects.

CUSTOMER SERVICES & SUPPORT

We support our customers in the AFTER-SALES phase, After the prototyping phases, the series life of your systems often requires tailor-made support by our after-sales teams.

TRAINING PROGRAMME

Battvelocity in collaboration with renowned technical institutions around the world in Lithium-Ion Battery Systems space provide Training Program that is designed to provide our customers, distributors, representatives and the public, with a hands-on training experience to learn how lithium-ion battery systems are designed, developed and manufactured.

Battvelocity Technology Limited

We hold all the required certifications, registrations and standards that assure quality, integrity, and compliance in par with global standards. Our in-house testing capabilities guarantee continuous improvement of our products. This improvement in products meet the emerging requirements of industry. We are the Best Manufacturer of Lithium Battery Packs in India.
